## MYSELF

---

Three years' working experience and four years' R&D experiences.

Major interest is in all kinds of internet related technologies and designing and innovating various websites.

Two years' working experience in the field of information security.

Familiar with JAVA and owning experience in designing and researching J2EE.

Having written some little projects via PHP and Python.

Indicted to Windows, but also writing programs in the environment of Linux.

Rich experience in R&D model of Scrum and even hanging a whiteboard designed in Scrum at home.

Aggressive and work-alcoholic, not feeling comfortable if the daily meeting was not held.

---
